## 01 Match your order

Check the exact size, orientation and configuration before designing. This pack is for the product named above.

## 02 Use the original-size guide pages

The following guide pages retain their production dimensions and scale. Follow the scale printed on each guide. Do not fit them to A4 or enlarge them automatically.

## 03 Extend backgrounds into bleed

Follow the bleed, cut, finishing and safe-area lines on the guide. Keep logos and important wording inside the safe area. Hardware pockets and hidden areas are not visible print space.

## 04 Export your artwork only

Remove guide lines and instructions from your print file. Supply a print-ready PDF with embedded images and outlined fonts. Screen previews are not colour proofs.

## 05 Need artwork produced?

Add the design and artwork service for £45 + VAT (£54 including VAT) per product design. We will email a proof for approval before printing.
