PRINTBRISK

ARTWORK TEMPLATE

# Micro Desktop Roller Banner

roller banner 297mm x 440mm

## 01 Match your order

Check the exact size, orientation and configuration before designing. This pack is for the product named above.

## 02 Use the original-size guide pages

The following guide pages retain their production dimensions and scale. Follow the scale printed on each guide. Do not fit them to A4 or enlarge them automatically.

## 03 Extend backgrounds into bleed

Follow the bleed, cut, finishing and safe-area lines on the guide. Keep logos and important wording inside the safe area. Hardware pockets and hidden areas are not visible print space.

## 04 Export your artwork only

Remove guide lines and instructions from your print file. Supply a print-ready PDF with embedded images and outlined fonts. Screen previews are not colour proofs.

## 05 Need artwork produced?

Add the design and artwork service for £45 + VAT (£54 including VAT) per product design. We will email a proof for approval before printing.

This template is setup at 20% scale of full size.

Artwork should be supplied:

- With fonts outlined
- As PDF (preferred), AI or EPS

Please make full use of the bleed area and include this along with crop marks when exporting your print-ready file(s).

The bottom 4mm area (20mm at full size) should be used as a quiet area for background colours/images only. This section will be hidden and rolled into the unit mechanism.
